## ABOUT US

Specialized Security Solutions (S<sup>3</sup>), was founded by a former US Coast Guard officer to meet the discriminating needs of truly professional organizations.

Our founder's experience with domestic and international law enforcement has made this a unique company with a strong emphasis on tailoring solutions to our customers' professional needs.

## OUR PRODUCTS

S<sup>3</sup> is a fully licensed Federal Firearms dealer. We are proud to offer American made products and parts. Our products and partners include:

More than a tactical flashlight, *The Liberator* Tactical Light is a complete tactical lighting system that will help you improve your capability and performance in virtually any situation where a tactical flashlight is needed.

In the world of law enforcement, you can't afford to worry about your sidearm. You want the performance of SIGARMS pistols. Designed with a revolutionary trigger lock, firing is not activated until the trigger is pulled.

Galco's durable, injection-molded Matrix line is

lightweight, comfortable, and nearly maintenance free – while remaining fast in action, concealable, and easy on the budget! S<sup>3</sup> carries the entire line of Galco leather Quality Holsters.

Built in-house, Superior Arms's rifles are made with the latest

modeling and machining technology. The attention to detail sets these rifles apart from their mass produced counterparts.

Contact us and find out about our special introductory offers and discounts.

## OUR SERVICES

We have entered into a strategic partnership with *The Site*, Tactical Training Group, to provide basic and advanced firearms and tactics training to our customers.

When you purchase your gear from us we will ensure your people are proficient in its use.
